FROM THE DESK OF **SECRETARY & PRINCIPAL**

At our institute, we believe in transforming dreams into reality by providing a strong platform for growth and success. We encourage students to think freely, experiment boldly, and develop confident personalities through meaningful exposure and guidance.

We take pride in our well-earned reputation in the field of Pharmaceutical Technology, strengthened by the commitment and achievements of our students, who now contribute successfully across various sectors.

From a single block to a monumental institution, our journey reflects continuous growth and progress. The dedication of our qualified faculty and the enthusiasm of our students have together shaped the institute's remarkable development.

We warmly welcome you to this institution and hope that, together, we can realize your full potential and contribute toward making Bharat a global leader in Science and Technology.

Yogesh Bansal
Secretary

Welcome to the Agrawal Institute of Pharmacy, a premier institution dedicated to excellence in pharmaceutical education and research. Our mission is to nurture skilled, ethical, and industry-ready professionals who can contribute meaningfully to the healthcare sector.

At our institute, we focus on a perfect blend of theoretical knowledge and practical exposure. Our well-equipped laboratories, experienced faculty, and strong industry collaborations ensure that students stay updated with the latest advancements in the ever-evolving pharmaceutical field.

We encourage you to be curious, innovative, and committed to lifelong learning. The pharmacy profession plays a vital role in improving healthcare outcomes, and we are confident that your journey with us will prepare you to make significant contributions to society.

We look forward to guiding you on your path to a successful and fulfilling career in pharmacy.

Prof. (Dr.) Santosh Kumar Gupta
Principal

ABOUT US

INFRASTRUCTURE

Library

Library of AIP is a collection of materials, books or media that are accessible for use not just for display purposes. AIP library provides physical (hard copies) or digital access (soft copies) materials, and may be a physical location or a virtual space, or both. Library's collection can include printed materials and other physical resources in many formats such as DVD, CD and cassette as well as access to information, music or other content held on bibliographic databases. Library buildings of AIP often provide quiet areas for studying, as well as common areas for group study and collaboration, and may provide public facilities for access to their electronic resources; for instance: computers and access to the internet. The services that libraries offer are variously described as library services, information services, or the combination "library and information services" although different institutions and sources define such terminology differently.

Smart Class Rooms

The classroom of AIP refers to a specially designed space to teach the students without any interruption. Students are expected to be obedient and quiet in the classroom. The classroom of AIP also uses an adaptive learning technological method to enhance better training and education to the students and teachers seeks to promote the desired behavior of students and works to cancel and delete their unwanted behavior. The teachers of the class takes note of its own laws and procedures. It is a set of behavioral patterns used by the teacher to provide an appropriate learning environment and maintain it to achieve the desired educational goals.

Patient Counseling and Drug Information Center

A Drug Information Centre is a specialized facility that provides accurate, unbiased and relevant drug-related information to consumers and healthcare professionals. It addresses inquiries about medication use, side effects, safety, supporting health care, patient safety, and legal interests. The center also serves as a vital resource for physicians, pharmacists and healthcare providers, enhancing patient care and promoting the pharmacist's role in the community.

Laboratories

All the Laboratories are equipped with the state of art and modern facilities which have been considered as the most sophisticated infrastructure. These laboratory provides elementary knowledge about the manufacturing of pharmaceutical preparations. These labs are utilized to teach about the dispensing of the drugs in a hospital by a pharmacist and about community pharmacy practice. Labs are used for the preparation of aromatic waters, syrups, liniments, lozenges, lotions, tinctures, poultice etc. Major Equipments Available: Tablet punching machine, dissolution rate test apparatus, disintegration test apparatus, laboratory mixer, humidity control oven, analytical balance, hot air oven, friability test apparatus etc.

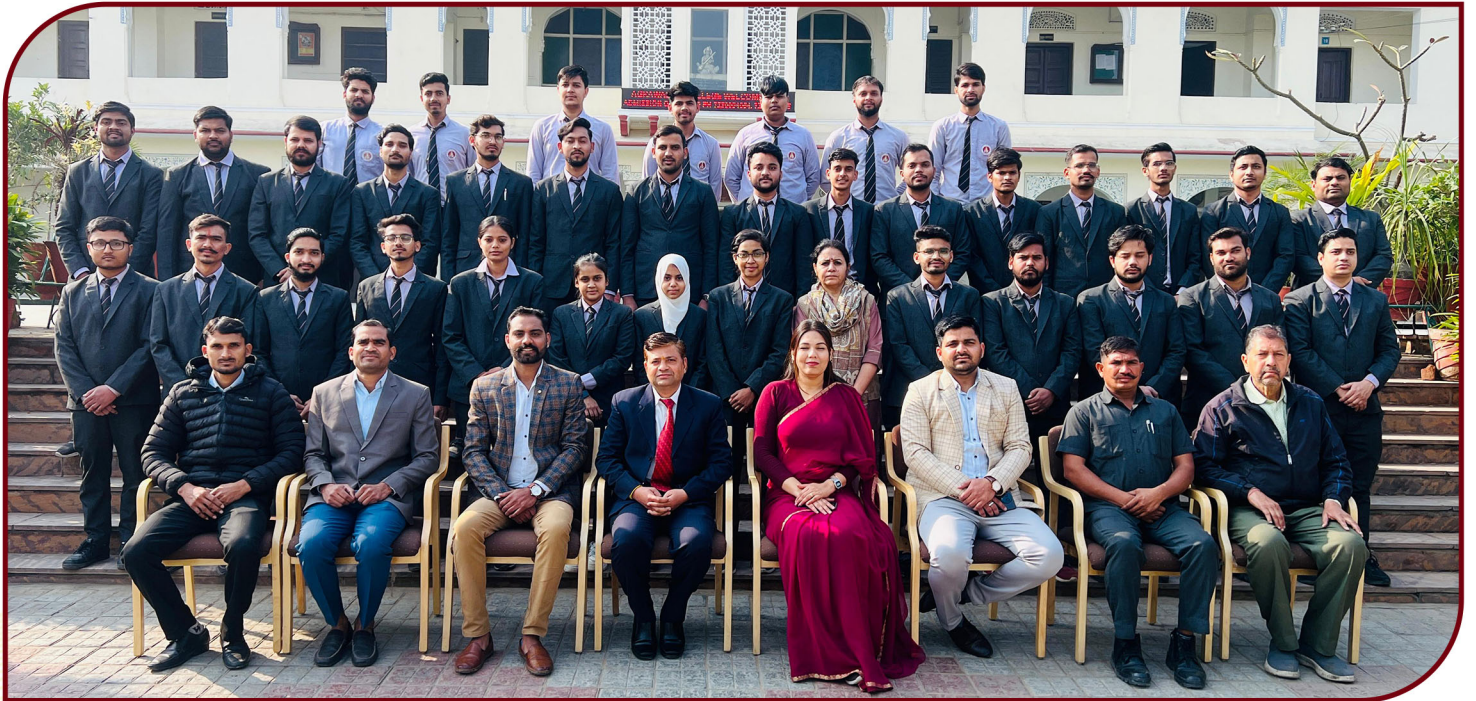

We have

- **Laboratory of Pharmaceutics**
- **Laboratory of Pharmaceutical Chemistry**
- **Laboratory of Pharmacology**
- **Laboratory of Hospital Pharmacy**
